Band Artifact Preservation Opportunity

The band has been contacted by a private collector who wants to sell the original ledger book used by Marshall's Band in 1884. The book contains minutes of the meetings as the band was being formed, the names of the early band members, and lists of the music played during the first few years of the band's existence. There are also numerous newspaper clippings about the band as they travelled across the country performing at various venues.

Part official ledger, part scrapbook, this is an invaluable piece of Topeka history and it should be preserved somewhere where it can be studied by scholars and enjoyed by everyone.

Marshall's Band would like to purchase this ledger and donate it to the Kansas State Historical Society to ensure its preservation for future generations. The seller is asking $1,500 for the book—to date we have secured pledges for about half that amount.

If anyone would like to contribute to this cause, please contact Rick Baker during intermission, after the concert, or anytime at: rick.baker13@sbcglobal.net.

Thank you!
