The band needs your help!!!

Would you like to help Marshall's Band with an Historic Preservation project?

The band has three large photographic collages of band members dating from 1902, 1913, and 1922. Over the years the collages have deteriorated and are now in danger of being lost due to damage. David Zlotky, a local artist with a national reputation (one of his artworks is in the permanent collections of the Smithsonian Air & Space Museum) has agreed to digitally restore the images using photo editing software. A copy of the digital files will be donated to the Kansas State Historical Society for preservation. The cost of the preservation will be just under $2,000.

If you would like to contribute to this project, look for our Kickstarter campaign on Facebook or the band's website later this week.
